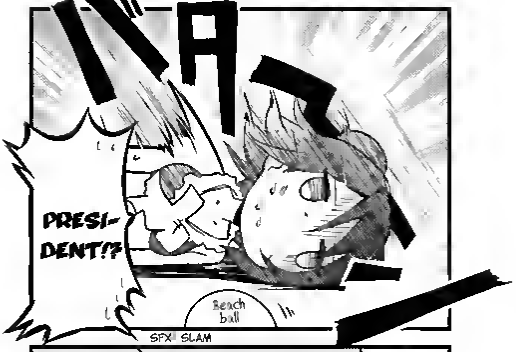
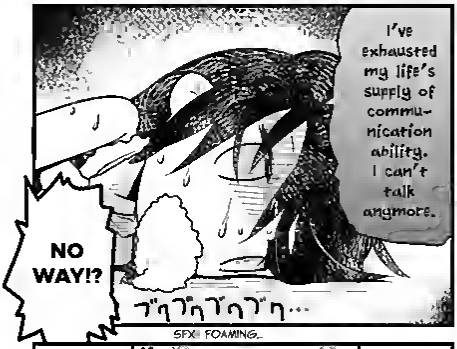
BACK TO THE PRESENT





THE ART OF NEGOTIATION

SFX: NNNNNGH

GENERALLY, THESE ARE THE TOOLS WE USE TO MAKE NEGOTIATIONS PROCEED SMOOTHLY.
YOU'VE GOT SOME NERVE TO SAY THAT, ALWAYS CARRYING A HUGE PILE OF SURVEILLANCE GOODS

A YUBESHI ASSORTMENT AS A SOUVENIR WOULD BE GREATLY APPRECIATED!
The one sold in the store over there.
I'LL BUY IT!!!
I RECOMMEND THESE BINOCULARS, THEY ARE EASY TO USE
I'LL BORROW THEM!!

Sort of a small wrap-up party

20XX/08/20

Yesterday, during the summer school holiday, we suddenly decided to go to the sea, so here's a somewhat leisurely photo.

For some time now, we've been working on a small project born among our members, a new kouhai has been regularly dropping by the club room and my home, and we participated in Comiket via a consignment sale. A lot of stuff happened, but I'll talk about it in due time...

Now then, this sandy beach photo is very much not game development club like, capturing a moment of glittering youth.

Taking a digital camera was the right call. Dear me

Dear me, you say...
Wasn't there a photo of dear you in a swimsuit, Murakami-san?

That's right!
Could it be that you've deleted that photo?
Even though it looked so good on you

I didn't delete it... but...
I thought openly uploading that kind of photo on the blog would only display a lack of media literacy (´・ω・`)

It's rather late to be pointing that out in regards to this page, don't you think...?
